CBCT FOR 3D RCT

OTHER CBCT

HIGHEST PATIENT SAFETY

"Because Less is More"

We just scan the only area where you need. Minimize x-ray radiation dose, all thanks to Light Guided CT-Scan Area.

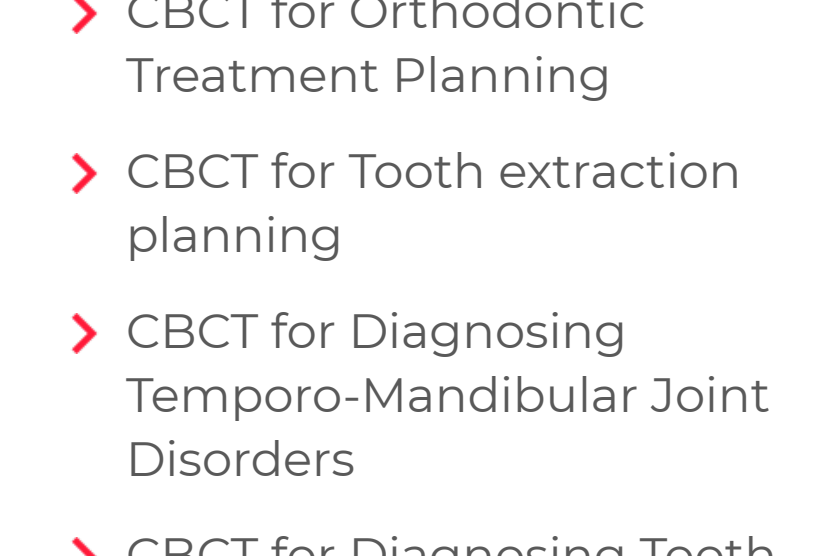

32 Dental Solutions introduces a new era in Digital Imaging with a new level of low-dose capability for patients' safety.

HIGHEST IMAGE RESOLUTION

Better Detail for Better Diagnosis

(70µm) Crystal Clear Image Reproduction

CBCT EVALUATION

We use Top of the Line On-Demand Software for CBCT Evaluation & Reporting

The scans are thoroughly Investigated at back end by our Team of Doctors (Radiologists) and complete (e-Report) is made which is then provided to the patients.

CBCT DISCUSSION

One on One CBCT Result Discussion for your Treatment when Required

The reports are elaborately explained to the patients about their problems with their treatment options by our Team of Doctors
